

OTERO FRUIT TO COME TO EL PASO

Fruit Growers Decide To Make This City Their Principal Market.

Alamogordo, N. M., May 25.—The fruit growers of Otero county decided at a meeting held in Alamogordo to market their fruit this year principally in El Paso, independently of commission dealers. The experience of fruit growers in this county with the eastern commission men has in the past been very satisfactory. An application has been made by the fruit men for a reduction in express rates with the Wells-Fargo company.

To Ship 25,000 Boxes.
It is the intention of the fruit men to bring in an expert packer and market man to inspect in the packing and disposition of the fruit. This will soon be done, as the first shipments of fruit will be made in about two weeks. It is estimated that about 25,000 boxes and crates of fruit will be shipped from Alamogordo this year, besides which there will probably be as much shipped from La Lita and Tularosa.

The growers think that owing to the scarcity of fruit in other sections of the state this year, the Otero county fruit men will get good prices for their product.

ROSWELL TO BE COTTON CENTER

Big Gins Planned For District; 12,000 Acres To Be in Cotton.

Roswell, N. M., May 25.—An \$5500 cotton gin has just been erected in Plainview, in Chaves county. New Mexico, 34 miles east of Roswell, and plans are being made to build gins at McDonald and Tatum.

Farmers on the plains estimate there will be 12,000 acres planted to cotton, from which 4000 bales will be gathered.

Roswell business men are said to be preparing an appeal to the Santa Fe railroad company for freight rates that will enable the cotton of Chaves county to be marketed here.

Preach, Publish and Parade Preparedness Problem—Gov. Ferguson

Chicago, Ill., May 25.—"Preach, publish and parade the pressing problem of preparedness," was the message sent by Governor Ferguson of Texas Wednesday night to John Stone, chairman of the Chicago preparedness parade committee, who invited the governor to the Chicago parade of June 3. The governor added that Dallas had arranged for a preparedness parade for June 28.

From cities which have arranged for preparedness demonstrations are New Orleans, Oklahoma City, Los Angeles and San Francisco. These demonstrations will all be held on June 2.

Entombed in a Mine Man Makes Verbal Will Before Death Comes

Buena Vista, Utah, May 25.—Realizing that he was being slowly crushed to death, W. C. Colburn, a miner, caught in a cave-in in the Bullion Beck mine here Wednesday, calmly conversed for 15 minutes with those attempting to rescue him. In that time he disposed of his property, made a verbal will and asked his friends to care for his wife and five children.

The fall of earth pinned Colburn upright against the wall of the mine. The earth continued to slip and he soon realized that he would be entombed before the rescuers could reach him. His body was recovered four hours after his death.

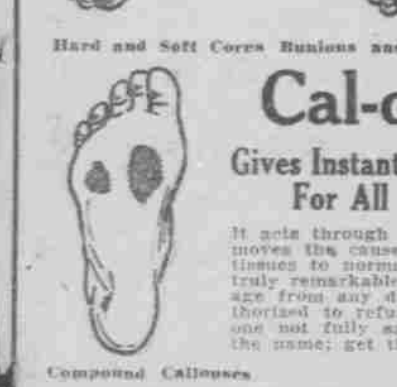

THREE RESENTENCED AT PRESCOTT TO BE HANGED

Prescott, Ariz., May 25.—N. B. Chavez, Eduardo Perez and Miguel Peralta, all convicted of murder and sentenced to death almost three years ago by the superior court of Yavapai county, have been formally resentenced.

The men have exhausted every possible appeal and the only hope now remaining is that the state board of pardons may intervene. This is not considered probable in view of the recent action taken by the board in the case of other murderers who have been hanged at Florence.

JURY SECURED IN TRIAL OF VAN SICKLE AT AMARILLO

Amarillo, Tex., May 25.—Taking of evidence in the trial of Lee Van Sickle, charged with the killing of Howard Brown in Amarillo, early in the present year, is in progress. The jury was secured after one spectator venire had been exhausted and another one summoned. The killing occurred on a street in the outskirts of Amarillo. Brown was a dairyman and Van Sickle a butcher.

FARMERS PLANT CROPS FOR WIDOW

Twenty-one Go With Teams To Home of Woman Near Clovis and Put in Day.

Clovis, N. M., May 25.—Twenty-one farmers of the Moye Chapel neighborhood, southeast of Clovis, with their teams, went in a body to the farm of Mrs. J. L. Gillian, broke the ground and planted the entire farm in crops.

Mrs. Gillian's husband recently had died and she was unable to get necessary help to work the farm. The big-hearted neighbors saw her predicament and with one accord, decided to give her assistance which would enable her to continue operating the farm her husband had cultivated.

Work Finished in a Day.
The work of breaking ground and of planting the crops was all done in one day. On 100 acres of the 150 acre tract, were planted to alfalfa, maize and Indian corn. Other crops were planted on the remaining 50 acres.

Those who took part in the day's work for their widowed neighbor were: G. D. Curry and family, T. J. Randle, D. O. Neely, Travis Alley, Ira Taylor, P. M. Owen, T. O. Harris, W. A. Alley, J. P. Curry, Arthur Curry, J. W. Mordcau, P. N. Hagler, B. P. Chaney, J. Vardon, Orlis Carpenter, T. C. Landon, W. B. Alley, Ollie Ross, E. Randle, P. Gibson, Jim Alley.

CLOSE SECOND YEAR OF SCHOOL

Students of Lydia Patterson Institute Present Interesting Program.

The second year of school work of the Lydia Patterson Bible Institute was closed with an entertaining program, given Wednesday night in the assembly hall of the institute on South Florence street, which was attended by a large audience of the friends of the scholars. More than 200 students have been enrolled in all the departments of the school during the past year.

The courses given include commercial work and night classes in English and Spanish. Vocal and instrumental music courses are also a part of the school work.

Glee Musical-Literary Program.
The program began with a piano duet played by Mrs. Corinne Smith and Miss Annie Ross Montague, both professors of the school. Rev. S. Montague gave the invocation. A quartet composed of J. C. Delgadillo, L. E. Maldonado, F. A. Fuentes and Jose Terin sang "La Voz Femenina." Mrs. Corinne Smith played their accompaniment. Pablo Velasco Rodriguez gave a declamation. A group of pupils from the primary department gave a Sunflower march, wearing sunflower masks over their faces and sunflower caps over their heads. A song, "The Vacation," was sung by a group of students from the intermediate department of the school. Cosmo C. Cota read an essay on the Bible, as the book of books. A chorus of young men from the school sang a chorus, "O' Lord," accompanied by Mrs. Smith.

Boys Eat Chocolate Mice.
A group of boys from the primary department gave an amusing march and song, "The Wall of the Church," in Chinese costume. During the song, each ate a chocolate mouse to the amusement of the audience. Pablo Velasco Rodriguez, Luis Ortiz and Esteban Parra gave a demonstration of gymnastic exercises. "My Lady Sleep" was sung by Mrs. Corinne Smith, Miss Opal M. Reynolds, J. C. Delgadillo and L. E. Maldonado. About 20 youngsters from the physical training classes did a number of acrobatic stunts, finishing with the formation of a human pyramid. Leopoldo E. Maldonado talked on the eternal triangle, mind, soul and body and the importance of education of each part. The program closed with a piano solo, played by Mrs. Corinne Smith. The program was given in Spanish. A very large audience was present.

THREE INFANTRYMEN ARE TAKEN IN BY POLICE FORCE

Three privates of the seventh infantry were arrested Wednesday night at 10:30 o'clock at Third and St. Vrain streets by members of the precinct guard and police officers and were confined in the city jail overnight pending an investigation of how, while off duty, they carried guns in their rifles and cartridge belts.

The men, according to stories of the affair told the police and precinct marshal Capt. J. A. Allison, were elected from a house at 118 East Third street, by members of the guard. Going to the seventh infantry camp they returned to the place armed with their rifles when they were arrested, later being transferred to the seventh infantry camp.

NEGRO BOYS BREAK THE CURFEW LAW; ARE ARRESTED

Two young negro boys giving the names of Matthew Johnson and Robert Thomas were arrested Wednesday night by the police in the lower part of the city on a charge of violating the curfew ordinance. The boys will be given a hearing before Judge Paul Thomas in corporation court this afternoon. They were turned over to their parents by the police Wednesday night.

World's Record For Bird Population Held By Farm Ten Miles From Capital

Washington, D. C., May 25.—The world's record for density of bird population is held by a farm within ten miles of the national capital near Bethesda, Maryland. It is owned by Gilbert H. Grosvenor, the director and editor of the National Geographic society.

In 1912 Mr. Grosvenor bought a farm of 100 acres, half in forest and half in field, about four miles from the District of Columbia, moving there early in the spring.

Being interested in the work of the Audubon societies, he determined to see what he and his family could do to get birds around the home. He has since taken such steps that Dr. H. W. Henshaw, chief of the U. S. Biological survey of the department of agriculture, became interested and delegated Dr. Wells W. Cooke to visit the Grosvenor farm.

Dr. Cooke found so many birds there that he suggested a census of those living on an acre or two adjacent to the house, as he thought the count would establish a world's record. Up to that time the record was held by a family at Chevy Chase, Maryland, who had attracted 13 pairs of birds to half an acre.

The prospect of establishing a world's record was so inviting to the Grosvenor family that they took a census of the nesting birds on an acre adjoining their house and barns, with the result that they found 59 pairs of birds with young or eggs in the nest on that acre, the highest number of land birds inhabiting one acre that has yet been reported to the department of agriculture or to any Audubon society. A similar census was made of a second acre, and it was found that this acre had 22 pairs of nesting birds.

Begin 10 Days Flesh Building Test

FOR THIN MEN AND WOMEN

Say Weight is Increased At Rate of Three To Five Pounds A Week In Many Instances.
If you are ten pounds or more underweight and would like during the next few weeks to take on several pounds of good solid healthy flesh, without in any way interfering with your work or regular habits and without danger to your health in any way here is a simple, inexpensive and harmless test that is well worth trying.
First weigh yourself. Then, with each meal for ten days and each night as you go to bed take a single Sargol tablet. Then weigh yourself again and let the scales tell the story.
Sargol does not of itself make fat but mixes with your meals for the purpose of stimulating your powers of assimilation and so makes it easier for your blood to accept your food's strength, flesh and fat-making nourishment and turn it into strength, flesh and fat upon your body.
Some people say "nothing can make me fat. I'm built to stay thin." But until you have tried Sargol you do not and cannot know this is true. Many say it succeeds. There are many reports like the following: "I have increased 18 pounds in less than a month," wrote a man from Colorado. Another man who said he had been losing over a pound a week and was under 150 pounds, gained two pounds the first week taking Sargol and "kept gaining ever since." Last report over 170 pounds. Better than 15 pounds gain. A lady from St. Louis wrote: "Have gained 16 pounds and am still gaining. Sargol as a rule should be taken 30 days or more where results like above are desired."
The tablets are small, easily swallowed, produce no disagreeable effects, contain no habit drugs, are harmless and not at all expensive, as compared with results said to be obtained.
NOTE—Sargol, referred to above is well known as a flesh builder to A. E. Ryan as well as many other of the leading local druggists who further move, sell it on the positive guarantee, as found in each large package, of satisfactory weight increase or money back. In view of this liberal offer, and the harmless nature of the remedy, it would seem that all who desire increased weight should be glad to give this method a trial.—Advertisement.

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.
